

# St. John's School Family Stewardship

## How You Can Help

The St. John's Home and School Association theme for this year is **"Building for the Future"**. With this in mind, we would like to promote Stewardship throughout the school year. Our school families can show their support for their children's education by giving their time and energy to St. John's School. Listed below are ways you can accomplish this. The money we raise for the school helps defray tuition costs, makes the lives of our students and staff better and is a GREAT cause. Please consider offering your time for **1 hour** a month throughout the 10-month school year. Please let us know the ways you would like to be involved!
