

St. John's Collection Programs

Every year, the St. John's Student Council sponsors a collection of the following items:

Campbell's soup UPC's – any kind (please note, we are no longer collecting the labels)

Pepperidge Farm UPC's

V8 lids

Swanson products UPC's

Prego UPC's

We redeem these items for videos for the library and headphones for the computer lab.

General Mills Box Tops for Education – found on GM cereals, some Betty Crocker and

Pillsbury baking products, Kimberly-Clark products, Ziploc products, Totino's, Yoplait

GoGurt

We use this money for recess and P.E. equipment.

Best Choice UPC's – redeemed in bundles of 1,000 for \$30.00 – used for any project that needs funding.

Tyson A+ - redeemed in bundles of 100 complete top package strips– used for any project that needs funding.

Each classroom has a collection box for these items. The Student Council assigns representatives for each room to pick up the items on a regular basis. The class that collects the most wins a pizza party from the Student Council. Last year's winner was Mrs. Nieman's 5th grade class, which collected over 3,000 items. A big thank you to all the classes for helping out St. John's through these programs!
